

Think before you login

By Christopher Langman

Read this document before you sign up for online accounts, buy things online or start using online banking. It may help to stay safe.

	<p>Learn about email, phone and text message scams</p> <p>These scams can steal your personal information and your identity</p>
	<p>Make sure you have Antivirus software installed, running & up to date</p>
	<p>Have Rapport installed & running</p>
	<p>Check you have no Malware or unwanted Extensions running</p>

Close all browser tabs & delete browser history

Ensure cookies and cached data are also deleted

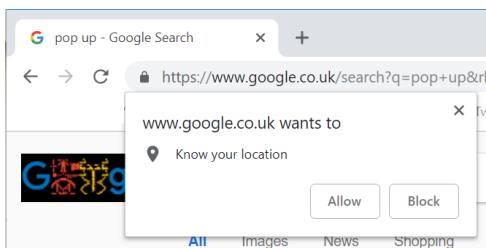

Type in the correct web address

Never follow a link from an unexpected email

Make sure the site is secure

Look for the closed padlock & https in the web address bar

Always read Pop Ups carefully

Take time to decide how to respond. Do not feel rushed

If unsure, close the Pop Up

Don't use the same PIN or password for different accounts

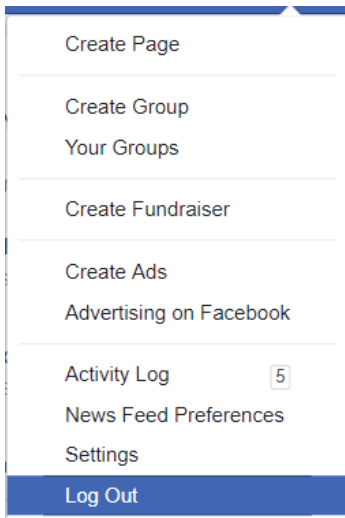

Don't use PIN or passwords that are easy to guess

Don't write down full PIN or passwords. Write down just hints

Delete authentication and One Time code messages after using

After logging in, always remember to logout & then delete browser history again
