Early Help Professional Support Evaluation [please click here](#) to complete, many thanks in advance.

Thank you, as always, for all your hard work and continued support and all that you do to make children's lives better, we cannot thank you all enough. It really is appreciated. We know that the wave of need as a result of the pandemic is very difficult and we want to do everything we can to support you. We also need to ensure we look after ourselves and please use the summer to really recharge your batteries. We all need to care for ourselves, so that you can support our children.

With best wishes to all of you.
