## SAFEGUARDING BULLETIN

August 2021

### FAO All Headteachers and Designated Safeguarding Leads

Dear Colleagues,

We hope you are all well and managing to recharge your batteries over the summer. This bulletin has been issued to alert you to the following documentation which we are sharing with you in advance of autumn term 2021.

**Model Child Protection Policy** – This has been co-produced for 2021-22 with schools and updated in line with KCSiE 2021, published just before the end of term. The new elements and amendments that you need to pay particular attention to have been highlighted in **green** throughout the document.

Alongside this bulletin, we have also attached copies of KCSiE 2021 with associated annexes and a version which shows highlighted changes for further reference.

**Safeguarding Management Report 2021** – Earlier this year you completed a Safeguarding Audit return to WCC. Following analysis of this report we have now produced a Management Report with key recommendations for both education settings and the local authority to consider in 2021-22. You will find a link to the Power BI comprehensive data and analysis in the Appendices.

**Power Point Slides 'Whole School Training' (previously sent out on 13.08.21)** - The training slides can be used all at once, with a focus on one or two specific aspects, and then at a future time in subsequent staff meetings/ training sessions. Most of the slides contain additional notes for the trainer, including advice and guidance. When delivering training the notes contain links to any relevant documentation and additional support for staff, children and families. The slides are also accompanied with a document entitled '**Notes for Trainer**' to further support delivery.

Finally.....please visit the Warwickshire Safeguarding Children Board website for a full breakdown of the comprehensive training programme available to you for 2021 **Training Flyer**

With our best wishes to all of you.
