Prevent Referral Form

Safeguarding vulnerable individuals from violent extremism

Please fill in as much information as possible. Simply click in the grey box and type the details required. Once completed, email the form to Prevent@warwickshireandwestmercia.pnn.police.uk

The aim of Prevent is to support individuals who may be vulnerable to radicalisation and violent extremism. Violent extremism may be related to any religion, faith, political group, or environmental issues. There is no single route into extremism, nor is there a simple profile of those that may become extremist. Factors that may indicate vulnerability to extremism may include (but not limited to):

- Possession of literature regarding military training, skills and techniques
- Possession of violent extremist literature
- The expression of extremist views advocating violent actions and means
- Association with known extremists, seeking to recruit others to an extremist ideology or claims of involvement with organisations espousing extreme violence
- Exposure to an ideology that appears to sanction, legitimize or require violence
- A range of perceived grievances, real and some imagined, to which there seems to be no credible and effective non-violent response.

It must not be assumed that these characteristics and experiences will necessarily lead to individuals becoming violent extremists, or that these indicators are the only source of information required to make an appropriate assessment about vulnerability.

The Channel process is designed to develop an appropriate support package to safeguard those at risk of being drawn into violent extremism, based on an assessment of their vulnerability.

The information you provide on this form will be held on police systems and will be used to determine if further enquiries, investigations and interventions are required. Please provide as much information as you have. Where possible, any suspicion or opinion should be supported by reference to other facts or sources.

Should you be disclosing personal details from your information systems you may wish to consider obtaining the consent of the individual concerned, though we appreciate this isn't always possible or desirable. **Information that you provide may be shared with other partners and organisations.** You may wish to consult your Data Protection Officer for further advice.
