Road,
Nuneaton,
CV10 9DN

Completing this module will give you an introduction to Prevent and help you understand what vulnerabilities may make someone susceptible to radicalisation and all types of extremism. Local safeguarding arrangements will be outlined along with the local Channel Panel referral system and who to contact should you have any concerns. This module is awareness raising to support you in your role.

To book a place, register and book your session on the WILMA website: <https://warwickshire.learningpool.com> or contact Warwickshire Prevent Officer on 01926 412432.
