7.	Learning from Safeguarding Reviews into Self-harm/Suicide incidents amongst young people At the previous WSEB meeting, a draft paper was shared with members and delegates on the increase in numbers of self-harm/suicide amongst young people in Warwickshire. Subsequent to this, the Assistant Director for Children & Families raised some concerns which were shared with the Chair and Business Manager. Nigel Minns was able to clarify to members the concerns raised by the Assistant Director, was due to a similar internal review which has taken place, and a report of it's findings shared with the Business Manager and Safeguarding Review Subgroup Chair. This report had conflicting information to what was brought to the WSEB last month. Members agreed that though some of the children were not known to Children Services, and that some information was not relayed to specific professionals, does not mean it was false. Nigel Minns also confirmed that WCC are commissioning a new Suicide Prevention job post within Public Health, this is due to be advertised in the coming weeks. Members agreed it would be beneficial to receive a copy of the decisions made at the Rapid Review stage of CSPR & SAR referrals, which would include important details on why the decision was made to either conduct a review or not.	From now on, members of the WSEB are to receive a copy of the decision of Rapid Review meetings as and when they are ready.	JC
