

WORRIED ABOUT A YOUNG PERSON?

From birth

STOP...

THINK...

IS IT THE YOUNG PERSON'S BEHAVIOUR/PLAY?

Does the young person appear:
to be happy?
to be safe?

Are you worried:
about what the young person is saying or how they are saying it?
about what the young person is doing or how they are doing it?

IS IT THE YOUNG PERSON'S APPEARANCE?

Is the young person:
dressed for the weather?
clean and healthy looking?
energetic?
free from discomfort or pain?

IS IT THE WAY THE YOUNG PERSON INTERACTS WITH THEIR PARENT/CARER?

Does the young person:
use the adult as a safe haven?
look to the adult for reassurance?
respond willingly to the adult?

Does the adult:
listen to the young person?
behave with warmth and affection to the young person?
encourage the young person?

IS IT THE WAY THE ADULT IS BEHAVING?

Is the adult :
prioritising the needs of the young person above their own?
aware of the young persons safety, well being and feelings?

Are you worried:
about the way the adult looks?
about the way the adult is behaving?
about what the adult is saying **to** the young person?
about what the adult is saying **about** the young person?
